

Sharpak XL container

Following the publication of the Department of Health Technical Memorandum HTM-07-01 titled "The Safe Management of Healthcare Waste" we are able to offer a range of colour coded sharps containers to assist in the segregation of waste as recommended in the new guide.

The SHARPAK XL is a specialist container aimed at theatre sharps disposal, in particular, where minimal invasive surgery procedures involving the use of long disposable instruments. Its large aperture combined with its overall extended body length facilitates the disposal of the very longest and bulkiest endoscopy instruments, trocars, chest drains, pipettes and other sharps.

Code ORANGE Sharpak sharps containers can be disposed of by incineration or other approved method.

Please note:- For disposal of sharps contaminated with cytotoxic or cytostatic medicines please refer to the data sheet for the Code PURPLE range of Sharpak HYDRI sharps containers.

The SHARPAK XL is approved to the British Standard ISO 23907:2012 and tested and certified in accordance with the provisions of the Transportation of Dangerous Goods, Chapter 9, UN3291 Clinical Waste, Unspecified, NOS.

Patented and trademarked by Nolato.
